

# 4th European Summit on the Future Internet

13-14 June - Aveiro, Portugal

**António Miguel Ferreira** is the CEO of Lunacloud and has an 18-year track record in founding and managing several companies in the Internet/Hosting industry (Esoterica, VIA NET.WORKS, Amen, Claranet and now Lunacloud since 2011), as well as other business areas.

Founder of Esoterica in 1994, the first private Internet Service Provider in Iberia (access & hosting), a business that he sold in 1999. Worked for VIA NET.WORKS Inc. (US-based Internet services multinational) as Director of European Network Services for Southern-Western Europe. Joined the Claranet group, an European networks and hosting managed service provider, in 2005, as Managing Director of the Portuguese subsidiary and member of the group's Senior Management Team. Founded Lunacloud in 2011 with Charles Nasser. António has also authored several Internet books, launched in the US (2), Brazil (1) and Portugal (4). He holds a degree in Computer Science Engineering, from INSA Lyon (France).
